Give Them a Chance!

That is to say, your lungs. Also all your breathing machinery. Very wonderful machinery it is. Not only the larger air-passages, but the thousands of little tubes and cavities leading from them.

When these are clogged and choked with matter which ought not to be there your lungs cannot half do their work. And what they do, they cannot do well.

Call it cold, cough, croup, pneumonia, catarrh, consumption or any of the family of throat and nose and head and lung obstructions, all are bad. All ought to be got rid of. There is just one sure way to get rid of them. That is to take Boscbee's German Syrup, which any druggist will sell you at 75 cents a bottle. Even if everything else has failed you, you may depend upon this for certain.

Merit Will Tell.

Was never better demonstrated than when "Fryer's Abietine Remedies" were awarded diplomas at the late California State Fair at Sacramento and at the Mechanics Institute at San Francisco. W. Pinniger is agent for these celebrated "Abietine Remedies" and he offers to return your money if they do not give satisfaction. In buying, be sure the fac-simile signature of D. F. Fryer is on each, as none are genuine without it.

Soothes and Heals.

SANTA ABIE soothes and heals the membranes of the throat and lungs, when poisoned and inflamed by disease. It prevents night sweats and tightness across the chest, cures cough, croup, asthma, colds, bronchitis, pneumonia, whooping-cough and all other throat and lung troubles. No other medicine is so successful in curing nasal catarrh as CALIFORNIA CAT-R-CURE. The enormous and increasing demand for these standard California remedies confirm their merits. Sold and absolutely guaranteed by Osburn & Shoemaker, wholesale and retail agents, at \$1 a package. Three for \$2.50.

An End to Bone Scraping.

Edward Shepherd, of Harrisburg, Ill., says: "Having received so much benefit from Electric Bitters, I feel it my duty to let suffering humanity know it. I have had a running sore on my leg for eight years; my doctors told me I would have to have the bone scraped or leg amputated. I used, instead, three bottles of Electric Bitters and seven boxes Bucklen's Arnica Salve, and my leg is now sound and well." Electric Bitters are sold at 50 cents a bottle, and Bucklen's Arnica Salve at 25 cents per box by S. J. Hodgkinson & Co's.

Bucklen's Arnica Salve.

The best salve in the world for cuts, bruises, sores, ulcers, salt rheum, fever sores, tetter, chapped hands, chilblains, corns and all skin eruptions, and positively cures piles, or no pay required. It is guaranteed to give perfect satisfaction, or money refunded. Price 25 cents per box. For sale by S. J. Hodgkinson & Co. WILL YOU SUFFER WITH DYSPEPSIA and liver complaint? Shiloh's Vitalizer guaranteed to cure you. For sale by Osburn & Shoemaker.

Knife Grinder.

J. T. Longabaugh has a new mower-knife grinder which is certainly the best ever invented. Farmers should call and ask for the Dutton Knife Grinder. After seeing it you will never be content without having one.

An Absolute Cure.

THE ORIGINAL ABETINE OINTMENT is only put up in large one-ounce tin boxes, and is an absolute cure for old sores, burns, wounds, chapped hands, and skin eruptions. Will positively cure all kinds of piles. Ask for the ORIGINAL ABETINE OINTMENT. Sold by Osburn & Shoemaker at 25 cents per box—by mail 30 cents.

Terrible Pains.

Dr. Flint's Heart Remedy banishes sleep-headache, and will prevent the return of this most terrible of pains, if taken when the warning symptoms give notice of the recurrence of an attack. At druggists, \$1.50. Descriptive treatise with each bottle; or address J. J. Mack & Co., S. F.

Warning.

The public is cautioned against buying any boxes, tins or other branded double O (O) on either hip—right or left—from (1) Mrs. A. Ordway or Stewart Light, or their agents. That brand is the property of the Osburn & Shoemaker Company of this place.

NINETY THOUSAND DOLLARS.

The Hand Made by Lucky San Franciscans—A Ladies' Pool.

Ever since the result of the May drawing of The Louisiana State Lottery at New Orleans became known in this city, rumors have been current all over town that the bulk of the capital prize of \$150,000 had been won here by a number of lucky resident shareholders in the winning number, 15,766.

To ascertain if there was any truth in the tale, a Call reporter went on a prospecting tour yesterday among the banking-houses, thinking some of them might have managed the collection of any prizes drawn at New Orleans. His inquiries met with signal success. Henry Wadsworth, cashier of Wells, Fargo & Co.'s bank here, made the following statement to the Call's representative. He said: "Yes, it is a fact that we have done the collecting of a large sum of money drawn in The Louisiana Lottery on May 10th last. We have so far collected and paid over to patrons here \$30,000 out of the big prize of \$150,000. The tickets which we handled were six one-tenth coupons and each represented an interest of \$15,000 in that big sum."

The matter of locating the lucky winners were more difficult. After following a large number of clues, the reporter succeeded in discovering not one alone of fortune's favorites, but twenty of them. They were all ladies. In a cozy room at the Colonnade House, 1220 market street, was found Mrs. Kelly, one of the winners. The lady told the story of how she had made the venture as follows: "For a long time I was as much interested in the lottery drawing as if I had the lucky numbers, but somehow or other I never could get up courage enough to invest in the scheme. I was afraid that I was too unlucky to get any thing. But a little while back I gave a party to my friends—there were about twenty-five of us, all ladies—and during the evening the question of lottery tickets came up. More out of fun than anything else we proposed to get up a pool and buy some tickets. We were not all willing to join, but after some talk we made up a pool of \$20 and bought twenty one-tenth coupons. This was in March, just before the drawing. When the list came out, we found our tickets had won only \$10. This was better than nothing, and we again made up another pool of \$20. Well, the April drawing won us \$20. We put it all in again, and in May we got the tenth of \$150,000. That gives us \$750 apiece, which, I think, is a big return for our investment. You ought to see those of the ladies who were at the party, and who laughed at us for buying lottery tickets. They are just as mad as mad can be. We are going to keep on and try our luck again in June, as we now are sure that there are prizes to be won."

Mrs. Kelly declined to give any of the names of her fortunate friends who were in the pool, on the ground that they did not desire any mention of themselves.—San Francisco (Cal.) Call, June 1.

Grape Growing in Nevada.

'Says the Carson Index: It may surprise the "moss-back" to learn that grapes can be successfully grown in Carson Valley, and it may actually astonish others to hear the Index state that grape vines will grow on the hill-sides among rocks and sagebrush without irrigation. This fact has been demonstrated by Robert Foulkes. Last year he planted about 150 vines, better-skelter among the rocks and sagebrush along the hills at the head of Carson Valley. He did this as an experiment, but hardly hoped for such results as have been obtained. The vines are now thriving beyond his most sanguine expectations, and bids fair to become as strong and healthy as any vines can possibly be. With the result of this venture as a criterion, our farmers have sufficient to induce them to do as Mr. Foulkes has done. It may be, and it is very probable, that before many years these brown and apparently barren hill-sides will be covered with thriving and profitable vineyards. Foulkes was raised on the Rhine, and knows whereof he speaks when he says he has unprofitably spent his time in trying to raise small grains, when he might have become rich as a vineyardist.

Leroy D. Brown has "accepted" the Presidency of the State University, tendered him by the Board of Regents. Brown is a carpet-bagger from Ohio. The fine Italian hand of Senator Stewart, to whom Brown is said to be not very distantly related, is dimly discernible in the appointment. The salary fixed by the Regents for the imported President is \$3,500 per year—a larger sum than he probably would have accumulated in a natural lifetime on the banks of the Muskingum. Mr. Brown, before being "prevailed upon" to accept the Presidency of the University, resigned the lucrative position of a State School Commissioner of Ohio, which is similar to that of a County Superintendent of Public Instruction in Nevada, and netted Mr. Brown about \$30 per year.—*Virginia Chronicle*.

How funny! "Imported" is a good word; it catches the popular ear; it is in Nevada, so to speak, Democratic. The position of State School Commissioner of Ohio is similar to that of County Superintendent of Public Instruction in Nevada, and netted Mr. Brown about \$30 per year. That's funny too, so very funny. But the funniest thing of all is that Professor Brown, whom Senator Stewart never heard of until a few days ago, is a relative of the Senator. The Texas Sisters, Burlington Hawkeye or Detroit Free Press sinks into nothingness before the funny sayings of the *Chronicle* editor. Now, a funny thing for the *Chronicle* to do, would be to continue to malign President Brown; in advance of his coming to destroy his usefulness; to make him so odious in the eyes of the parents that they will not send their children to this school, and to make abortive all attempts to build up a University in Nevada.

We publish in the local columns the opinions of the mill men relative to sawdust in the Truckee river water, obtained by one of the most prominent citizens of Reno. It is our purpose to be fair to all parties concerned, and to all alike these columns are open. That the waters are poisoned there is no question; that it is our duty to agitate this question until the remedy be applied is equally well settled in our minds; that in the interest of the health and life of citizens in Washoe county, no well disposed mind can afford to offer any apology for the evil committed, regardless of whose interests, simply financial, it may effect.

SHARP LIKELY TO DIE.

The Governor of Maine on the Prohibitory Liquor Law.

THE EGYPTIAN QUESTION.

The Yellow Fever at Key West Increasing.

IN A CRITICAL CONDITION.

NEW YORK, June 29.
In an extra last evening the *Mail and Express* said it was believed that Jake Sharp was dying. The reason he did not testify in his own behalf yesterday, as was confidently expected by everyone, was because the physician expressed the opinion that the strain of a rigid cross-examination, etc., would result in his death. A reporter subsequently learned from the physician that Sharp cannot live more than a week or ten days, and the least undue excitement will kill him at once. His trouble is heart disease. The same paper asserts that a scheme is under consideration now to take the case out of the hands of the jury, by bringing Judge Barrett a certificate from Sharp's physician to the effect that Sharp in all probability will drop dead in the courtroom, when the jury brought in their verdict, no matter what it was. It is thought this will induce the Judge to stop the case where it is.

A Desert Land Decision.

WASHINGTON, June 29.
The Commissioner of the General Land Office has issued to Registers and Receivers of the United States Land Office an amendatory circular governing proceedings to obtain title to public lands under the Desert Land law. According to it, land bordering upon streams, lakes or other natural bodies of water, or through or upon which there is any river, stream, arroyo, lake, pond, body of water or living spring, are not subject to entry under the Desert Land law until the clearest proof of their desert character is furnished. Lands containing sufficient moisture to produce natural growth of trees are not to be classed as desert lands. Surveys of desert land claims cannot be made in advance of the regular progress of public surveys.

Civil Service Rules.

NEW YORK, June 29.
A special committee appointed last week to suggest a modification in the Civil Service rules, finished its work yesterday. It was decided not to recommend any change in the form of the applications by candidates, but to recommend that hereafter all examination papers be marked up in Washington; that the marking be done by a board of fifteen members from different offices throughout the country. The object in view in having all examination papers marked by this central board is to do away with all opportunity for a suspicion of unfairness, such as obtains in certain localities under the present local board system.

More Yellow Fever.

CHICAGO, June 29.
Information has been received that eight additional cases of yellow fever have developed during the last few days at Key West, evidencing a rapid spread. The disease is now beyond the control of the Health authorities. The character of the disease is very fatal. Out of 46 cases 19 have died.

Declared Insane.

ST. LOUIS, June 29.
Jack Hayes, the murderer of Phillip Mueller, whose case has been in the courts for six years, and who was under sentence to be hanged on Friday, July 1st, was declared insane yesterday and was ordered to be forwarded to the insane asylum.

The Marsfield Fire.

MARSHFIELD, June 19.
The total loss from the recent conflagration will foot up \$1,250,000, with an insurance of one-fourth. Aid in the shape of money, food and clothing is pouring into the stricken city on every train.

FOREIGN DISPATCHES

The Egyptian Convention.
CONSTANTINOPLE, June 29.
It is stated that England will not accede to Turkey's demand, that England shall only have the right to re-occupy Egypt in the case of Turkey being unable to send her own troops, and applies for England's assistance.

Wants the Law Enforced.

AUGUSTA, Me., June 29.
Governor Bonwell has sent a communication to the Attorney-General of the State, and to every county attorney in the State, calling their attention to the fact that a conspiracy

exists to evade the prohibitory liquor law by an unjustifiable interpretation of the United States revenue regulations regarding the sale of liquor in imported packages, and calling upon them to enforce the law to the fullest extent.

A Troublesome Rebel.

BOMBAY, June 29.
The natives state that Siedler, Novr Mahomed, the leader in the Ghilzais rebellion, recently captured Gardez without fighting, and afterwards marched upon Ghuzni. He gave battle to the Amer's troops twice before Ghuzni, killing 180 of them, and is now besieging that town.

Will Not Sign.

LONDON, June 29.
It is reported that M. Waddington, the French Ambassador here, has informed Lord Salisbury that no French Cabinet could sign a document giving England a preponderance in Egypt, even for a limited time.

Fairly Received.

DUBLIN, June 29.
Prince Albert Victor, of Wales, today laid the foundation stone of the new wing of the hospital for incurables at Donnybrook. He was fairly well received, and but a few hostile cheers greeted him.

WESTERN DISPATCHES

A Cowardly Attack.

FOREST CITY, June 29.
When the stage left Forest City this afternoon for the Mountain House, the driver, Thomas Davis, and one passenger, named Ben Trilcar, were commanded to halt. The next instant they heard the report of a rifle, and looking from whence the report came, saw a heavy set man with a mask on, above them on the bank. The ball cut the whip, and in its course took the thumb complete from the right hand of Davis, and imbedded itself in the knee of Trilcar. The driver kept right along, not noticing anything more until the Mountain House was reached, and reporting what took place, when they sent a dispatch to Forest City. At present there are men armed with rifles scouring the country to discover the would-be robber. It is feared amputation of the leg of Trilcar is necessary. Those in search of the robber have returned, unable to find him.

Let Them Fight.

SACRAMENTO, June 29.
At Mormon Island, this morning, in this county, a regular battle took place between two Chinese companies for the possession of a mining claim. There were ten on one side and fourteen on the other, and 15 or 20 shots were fired. One man was shot in the back and another was badly beaten on the arms and body with a club. A Chinaman who was shot arrived here this afternoon. Warrants have been sworn out for the arrest of seven of the Celestials. The claim over which the fight took place is situated on Blue Ravine, above Mormon Island, and is said to be very rich. One of the companies now hold the fort, and more trouble is anticipated.

Kissane Demurs.

SAN FRANCISCO, June 29.
Wm. Kissane, alias W. K. Rogers, this morning filed a demurrer in the Circuit Court to the suit begun some time ago by the Chemical National Bank. The principal ground for the demurrer is that the action is barred by the statute of limitations.

Bishop of Utah.

SAN FRANCISCO, June 29.
Right Rev. Lawrence Scanlan was this morning consecrated by Archbishop Riordan, as Bishop of Utah.

Sawdust in the Truckee—Druggist Fasset Dissenting.

Druggist C. M. Fasset, after an analysis of the Truckee water, dissents from the opinion, as published in the *GAZETTE* of, Druggist Hodgkinson, Doctors Bergman, Bergstein and Dawson relative to the deleterious effect of the sawdust in this community. Mr. Fasset quotes approvingly the following: Organic matter may be derived from a vegetable source, such as leaf mould, and the decomposition products of wood, in which case it is practically harmless, or it may be derived from animal sources, in which case it almost always causes a serious impurity.

Electric Lights for Virginia City.

Mr. J. L. Stevenson has returned from Virginia City, whither he went to organize a company to supply electric light for that place. Owing to the recent mining disaster there the project has been postponed for a few days, but that it will eventually succeed there is no doubt. Truckee water will furnish the power to produce the current, and Mr. Stevenson says that it will lose but 25 per cent of its power in going over the wires to Virginia City. It will cost between \$30,000 and \$40,000 to get into use the same number and strength of lights for Virginia that is used here.

Fine Goods at Low Prices.

John Sunderland has just received a very large line of gents' furnishing goods, consisting of silk, genuine vicuna, (natural color) lisle thread, balbriggan and fine wool merino underwear; an endless variety of gents' fine socks, handkerchiefs and neckwear; white and colored shirts, bicycle shirts over shirts all colors and grades; linen collars and cuffs; neckties; hats, caps, boots, shoes, slippers, etc. Give him a call, see his goods and learn the low prices asked for the same.

PERSONAL.

Dr. Webber came down from Gold Hill last evening.

Senator M. D. Foley was a passenger for the Bay on last evening's express.

D. A. Bender, Colonel Boyle and Alex Andery arrived on to-day's 11:30 train.

Hon. Lem Allen and wife arrived from Churchill county on last night's overland.

Miss Mattie Laird, sister of Mrs. H. A. Winton, arrived this morning from Penryn, California.

Dr. Rae, the inventor of the Carson river dredger, came up from below on this morning's express.

Colonel Robert Lindsay has returned from Carson, where he was for a day or two looking after legal business.

Miss N. Shoal, an accomplished musician and for several years a resident of Eureka, has come to Reno to reside.

Colonel Hardin, the Humboldt county stockman, returned this morning from Napa, California, on his way to his Quinn river ranch.

Miss Kate Hodgkinson, of Carson City, sister of Druggist Hodgkinson of this place, went below last evening to remain a month or so.

Mr. R. L. Fulton gave an elegant dinner party to-day in honor of Mr. J. Comyn Moran, a prominent capitalist of New York City and largely interested in the N. & C. Railroad.

Get Your Dog Tagged.

Under a "Town Order," passed by the Board of County Commissioners some two years ago, requiring that a tax be paid on dogs each year, Deputy Constable Harley has been busy the past few days catching and impounding canines not tagged as required. Yesterday he enlisted several youths to assist him, and offered them 50 cents for each apprehended dog. As a result he has dogs enough on hand to supply even a Pluto settlement of 5,000 population. Some of the boys were scouring the streets and back alleys last night as late as half-past 11 o'clock.

Good Grass Crop.

The *Silver State* reports the alfalfa crop of Humboldt county unusually heavy. The Lay Brothers, of the Golconda ranch, have finished cutting their first crop and the ranchers on the meadows are all busy securing the best crop ever raised there.

Vitiated Blood,

Serofulous, Inherited and Contagious Humors Cured by CUTICURA.

THROUGH THE MEDIUM OF ONE OF your books received through Mr. Frank T. Wray, Druggist, Apollo, Pa., I became acquainted with your CUTICURA REMEDIES, and take this opportunity to testify to you that their use has permanently cured me of one of the worst cases of blood poisoning, in connection with erysipelas, that I have ever seen, and this after having been pronounced incurable by some of the best physicians in our county. I take great pleasure in forwarding to you this testimonial, unsolicited as it is by you, in order that others suffering from similar troubles may be encouraged to give your CUTICURA REMEDIES a trial.

SCROFULOUS ULCERS.
James E. Richardson, Custom House, New Orleans, on oath says: "In 1870 Scrofulous ulcers broke out on my body until I was a mass of corruption. Everything known to the medical faculty was tried in vain. I became a mere wreck. At times could not lift my hands to my head, could not turn in bed; was in constant pain, and looked upon life as a curse. No relief or cure in ten years. In 1880 I heard of the CUTICURA REMEDIES, used them and was perfectly cured."

Sworn to before U. S. Com. J. D. CRAWFORD.
ONE OF THE WORST CASES.
We have been selling your CUTICURA REMEDIES for years, and have the first complaint yet to receive from a purchaser. One of the worst cases of Scrofulous Ulcers was cured by the use of five bottles of CUTICURA RESOLVENT, CUTICURA and CUTICURA SOAP. The Soap takes the "cake" here as a medical soap. TAYLOR & TAYLOR, druggists, Frankfort, Kan.

SCROFULOUS, INHERITED, AND CONTAGIOUS HUMORS, with Loss of Hair and Eruptions of the Skin, are positively cured by CUTICURA and CUTICURA SOAP externally and CUTICURA RESOLVENT internally, when all other remedies fail. Send for Pamphlet.

SAWDUST.

How the Truckee Millmen Feel About It.

A citizen of Reno, who is well acquainted with the Truckee river and the saw mill business, informs the GAZETTE that he had interviews last week with every lumber manufacturer on the river, except two, and found them inclined to be fair and neighborly with the dwellers below them. They hardly realize how important a question it has become to the people here, as they can hardly be made to believe that the water has never been half as bad in any previous year as it is this Summer. They naturally enough look at it from their standpoint and see arguments which help to satisfy their consciences.

The first man met was D. D. Whitbeck, of the Boca Mill and Ice Company, who said at once that he was perfectly ready to do his share when the other millmen began. He said he would have to use an elevator to raise the sawdust as it fell from the saw and carry it across the river, where he could build a furnace and burn it. At present the mill throws all its sawdust into the river, but sells its edgings and slabs to the brewery for fuel. Mr. Whitbeck estimates that to build a bridge or trestle, construct his elevator and furnace, supply power, etc., would cost his company \$4,000, and entail a yearly expense of \$1,000 to operate the system.

W. H. Kruger, of the Truckee Lumber Company, said that he hardly knew how to go to work to plan a system of machinery which would take care of the refuse of his works. From their double saw mills clear down to the town every foot of the ground is densely packed. They have an immense business and carry a very large stock of lumber and other materials of a highly inflammable nature. They have below the saw mill large box factories, wood-working shops full of machinery, and even if there was ground enough for it to stand on a furnace to burn sawdust and slabs would burn them out as sure as it was fired up. To add to the difficulty, the opposite bank of the river is steep, and they would have to carry it quite a ways down the river and buy land somewhere else to build a furnace. Mr. Kruger said he would rather quit the business than to be the cause of disease or death to people along the river, and he did not know but he would rather quit sawing than attempt to take care of the refuse. He thinks it would cost them \$15,000 to build and \$2,000 a year to maintain an adequate system. To go to such an expense and then effect but a partial remedy was hardly justified by the prospects of his company. They have had their big double mill running for many years on their timber, and it has eaten out the great bulk of their available supply. If they kept up their consumption a very short time would settle it, for the mill would have to stop for want of logs to saw. As it is now their market is such that a small addition to the cost of production must shut down the mills or cause them to be run at a loss. Mr. Kruger called attention to the fact that the traffic in wood and lumber must entirely cease in order to protect the river from the pollution. It is impossible to run wood down from the mountains without bark coming off and getting into the stream. Logs are floated down the Truckee and its tributaries, and they lose bark and sometimes run away themselves. Lumber cut in the mountains and sent down to the track in V-dumps invariably carries some sawdust, which adheres to the boards until washed by the water, when it floats to the river and will, even if that from the saws is taken care of. Mr. Kruger felt that the people on the meadows owed a good deal to his company for making a reservoir of Lake Tahoe and holding back the water thus giving them the use of it all Summer and Fall, instead of letting it all run off in Spring floods and nearly drying up in August and September, as it would otherwise. He claims that without his dams and the system of letting out certain quantities of water regularly every day all the season through, the farmers of Washoe county could raise but one crop of alfalfa and no grain at all perhaps. Mr. Kruger was not entirely convinced that Reno owed its bad water to sawdust. He thinks it is almost impossible to rot pitch pine sawdust, and unless it does not it would not be at all impure. But if there was any taint given to a swift stream like the Truckee, tumbled as it is over granite boulders and stirred up and mixed with the air for so long a distance, it would be clarified and rendered wholesome in a very short distance. He thinks the open water way through which the stream that supplies Reno, running through sheep pastures and over chalk beds, and the shallow reservoir where the water stands for months, has more to do than sawdust with the bad water.

George Schaeffer was the next to answer. His mill is five miles back in the mountains, and it was suggested that he could certainly deposit his sawdust somewhere in the mountains without letting it run down into the river. He said that was easier said than done. Two principal reasons were given against it. One was he needed all the water he had to float his lumber in the flume. It would take at least 20 inches to carry his sawdust, and he could not take it up again after it had been used for that purpose, as it would be so far below the flume. The other reason was that all the sawdust was needed to keep the flume water tight. It gets into every crevice and keeps the flume tight and solid. Mr. Schaeffer thinks the cheapest way would be to let the sawdust

come down to the track where his lumber yard is and then impound it with a tight wire fence or a stone wall, which, he thinks, would make almost a complete barrier to it. He expressed himself as being heartily willing to stop the nuisance so far as he could. He said, however, that the people of Reno have little idea of the filth that goes into the river. He said he had seen carcasses of animals going down more than once, and it was used as a dump by Chinamen, Indians and every one else.

Mr. Taft, of the Pacific, made very short answers and would promise nothing until he saw what others would do. He said the company burned its edgings, etc.

J. L. Lewison, who is building a new mill on Cold Stream, said that his mill would do all that anyone would, and he thought there was no trouble about keeping his sawdust out of the river.

Mr. Richardson said he was taking care of his sawdust now, but the refuse from his factory would bother him a good deal if he could not let it go into the river. He could hardly tell without some consideration what could be done or what would be best. He promised to think it over, however.

Ellie Ellen was at home sick, and was not seen, but as his mill is five miles from the river, there is doubtless some place the dust can be impounded if it cannot be burned.

Mr. Lonkey was in the timber and was not seen. He owns the Prosser Creek mill, five miles back from the river, and the Banner mill, still further away, and no doubt will be willing and able to take care of their refuse. His factory at Verdi consumes its own shavings and sawdust to generate steam.

Mr. Brown, of Reno, owns the shingle mill below Bronco, and he is always willing to do what is fair and right.

Excursionists Going East.

The following will go East in the excursion party which leaves Reno on the morning of July 5th: Professor Orvis Ring, Mrs. W. P. McLaughlin, her son George and two other children, Miss Mary A. Taylor and her mother Mrs. Colwell, Mrs. Scott, Mrs. G. Chism and children, Mr. A. Banta and C. S. Young, of Reno; Mrs. Mygatt, of Virginia City; Professor Robert Lowers and Miss Carrie Gruber, of Dayton; Professor E. E. Winney, of Sutter. Others who will probably join the party are Mr. Sherman, Mr. Stronbridge, Mr. Birch, Mrs. S. M. Fassett, of Reno; Mrs. Hugh Clark and Mrs. Jepson, of Virginia; Mr. H. A. McKim, of Eureka; Judge W. M. Carey, of Carson; a lady of Boca; besides there are others who contemplate making the trip. Already enough have spoken for berths to fill one car, and it is probable that it will be found necessary to order a second car to accommodate those who may wish to go.

The Mails to be Weighed.

Superintendent Wilder, of the Railway Mail Service, has ordered the weighing of all mails on the Central Pacific Railroad at stations between San Francisco and Ogden, to begin July 5th, in order to establish a groundwork on which the Postoffice Department at Washington can determine a just compensation for the carrying of the same.

Taking In the Dogs.

Considerable excitement is being caused about town by the enforcement of the dog ordinance. People have no right to complain of the rigid enforcement of any law; if an ordinance is wrong let it be repealed, but do not blame the officers, who are responsible for its execution.

The commencement exercises of the Virginia City High School, under Principal J. E. Bray, occur to-morrow. Literary exercises, both in the morning and afternoon, and a social in the evening. There is a class of sixteen, the largest ever graduated in one year from that school.

THE COMSTOCK DISASTER.

No. Connection Made at 3 O'clock This Afternoon With the Drift in Which are Imprisoned the Six Miners.

VIRGINIA CITY, June 29. The three drill holes mentioned in last evening's Report as having been started yesterday afternoon from the bottom of the incline winze, were driven 12 feet each in a different direction, but failed to penetrate into the Best and Belcher crosscut, where it is expected the imprisoned miners or their remains will be found. Last evening at about 11 o'clock a rumor was current that a connection had been made with the Best and Belcher workings on the 1,500 level; that the miners were all found dead, and that the undertakers had been sent for to remove their remains from the mine. This rumor created an intense excitement, and in a few minutes after it was noised abroad people began swarming down Union street to the Con. Virginia shaft. When it was ascertained that nothing was known there of a connection having been made, there was a rush for the C. and C. shaft, where it was thought more reliable information might be obtained. Here the crowd became convinced that the rumor was premature, and soon dispersed.

Three days ago a crank volunteered to go to the rescue of the imprisoned men, provided he could get lowered down to the 1500 level through the Gould and Curry shaft. As to descend below the 1200 at that time would have resulted in certain death from asphyxiation, no attention was paid to the offer. The bottom of the incline is now within eight feet of the point where it should connect with the Best and Belcher crosscut. Drills have been sent in and the result will probably be known before many hours.

[SPECIAL.]

THE LATEST.—In spite of the prognostications of releasing the miners to-day, the last shot fired an hour ago leaves them as far away as they were last night. All here believe them dead.

In the Yellow Jacket, W. J. Williams was injured seriously to-day; Louis Basso in the Kentuck had a foot crushed.

Accidents seem the order of the hour.

Nothing has created so much talk as Breuner's elegant and immense line of Bedroom and Parlor Furniture. Suites for two, three, four, five and six hundred dollars. We can furnish you with a suite—the finest in the land or the cheapest to be had. Our trade has demanded that we carry the richest lines, and to-day we are shipping goods to San Francisco, Oakland and other parts of the State. San Francisco merchants cannot compete with us, as their store rents and other expenses are enormously high. Everybody admits that we sell the cheapest, and everyone who visits our stores says our assortment is as elegant as it is large.

If you desire anything in our line and cannot visit our stores, write us stating articles you want and will send you photographs and prices, and give you the same satisfaction as if you were selecting in our stores. Send for photograph of our \$18 00 bedroom suite.

MEDICAL.
DR. PRENTICE,
Now astonishing the Medical world on the Pacific Coast, will be at
VIRGINIA CITY, - JULY 1 to 6
CARSON CITY, - JULY 7 to 8
RENO, JULY 9 to 14.
He is now en route to Europe.
TO THE PUBLIC:
Never before in the history of the Coast has there been acquired in such a short space of time such a wonderful reputation and so great a success in the medical profession as that of DR. PRENTICE. With almost indomitable energy and pluck, he has forced his way through many opposing forces, and has placed his independent banner on the crowning pinnacle of success. Many hundred of supposed incurable cases on the Coast are now happy to attest the wonderful skill of Dr. Prentice. Suffering humanity, read the following, and take advantage and consult Dr. Prentice, as he positively will leave for Europe on July 15th.

CROSS-EYES.
To those afflicted with cross-eyes:
538 cases cured within the past four months.
The quickest operation on record
Another wonderful case is that of Albert Vandenberg, of Stockton, Cal. Had cross-eyes all his life. Dr. Prentice straightened them in less than 15 SECONDS.
SAN FRANCISCO, March 14, 1887.
The operation was witnessed by Mrs. Thomas Farmer, of San Francisco, Mrs. Champion, of 405 Taylor street, E. G. Huttel and others. This operation is the quickest of its kind on record in the world.

CATARH.
To the victims of the monster, Catarrh:
200 cases have been cured within the past four months.
PILES OR HEMORRHOIDS
To those suffering the tortures of Hemorrhoids or Piles:
97 grateful beings are cured.
AN OPEN LETTER.
SANTA CRUZ, Cal., June 3, 1887.
Dr. Prentice, 626 Sutter street, San Francisco—My Dear Doctor:—Please allow me to congratulate you (as well as myself) on the success of your treatment in my case. As I told you when we first met two months ago, I had suffered untold agony for twenty-one years with the piles, often being unable to perform any manual labor for weeks at a time, being compelled to resort to morphine to deaden the pain. Life seemed a burden and hardly worth living, the constant pain and irritation driving me nearly crazy. After trying many remedies without any permanent relief, I happened to see one of your advertisements and concluded to try once more, and thank the good Lord and Dr. Prentice, I am now once more a well man, and again life seems worth living. I should be glad if some of my suffering friends of Norwalk, Florida, and Scotchman, Maine, could be treated by you. Yours, with gratitude,
ROBERT WILLIAMS.

P.S.—At press at I can be found at Spaulding's Saw Works, 17 and 19 Fremont street, S. F.
DEAFNESS.

LEGAL.
Summons.
IN THE DISTRICT COURT OF THE State of Nevada, in and for the county of Washoe.
The State of Nevada sends to B. F. Small greeting: You are hereby required to appear in an action commenced against you as defendant by Theodore Winters as plaintiff, in the District Court of the State of Nevada, in and for the county of Washoe, State of Nevada, and answer the complaint therein within ten days after the service on you of this summons—exclusive of the day of service—if served in said county, or twenty days if served out of said county, but within said District, and in all other cases forty days; or judgment by default will be taken against you according to the prayer of said complaint. The said action is brought to obtain an order and decree of sale against you of certain property by you pledged to secure the payment of two hundred and fifty dollars, together with interest thereon at the rate of sixteen dollars per month, for such time as you may retain possession of said money, said principal sum and interest thereon aggregates fifteen hundred and fourteen dollars at the date hereof, also to foreclose your equity of redemption in and to said property, and for other relief. Said demand is evidenced by a written promise to pay said principal sum and interest thereon accrued and to accrue by you executed November 24, 1886, to one M. Friedman, who, for value, sold and assigned said written demand and evidence of debt to the plaintiff, who also delivered to plaintiff said property by you pledged, and conveyed therein such rights to plaintiff as said Friedman as pledged had and possessed. In addition to said order and decree plaintiff asks a judgment against you for any remainder that may remain unpaid after the proceeds of the sale of said property have been applied upon said demand. Said property consists of a diamond and opal breast-pin, containing 15 diamonds and ear-rings to match said breast-pin, all of which will more fully appear from the complaint, which is on file in the office of the clerk of said court, at Reno, in said county. And you are further notified that if you fail to appear and answer said complaint, the said plaintiff will apply for the relief demanded.
In testimony whereof, I, T. V. Julien, Clerk of the District Court of the State of Nevada, in and for Washoe county, do hereby certify the date of June 4, A. D. 1887.
